"In my opinion, you should keep doing this for future generations. It was a good experience. From this I've learned a lot of helpful things. Thanks."

- Dayn
Koai-Lochrane,
11th Grade

"I really loved all the activities offered! It was an enlightening experience. I only came to see what kind of jobs dealt with construction... to see if it was as easy as it looks on the outside... but it's not! It requires skills and commitment. I have a new respect for the construction industry."

- Caitlyn Tobita,
11th Grade

"I really enjoyed all the fun exhibits and all the machines we could operate. I look forward to doing it again next year."

- Treston Torres,
11th Grade

The Hawaii Construction Career Days is a nonprofit organization that offers students grade 9 - 12 with an insight into the multi-faceted construction industry. Students are exposed to opportunities where they are able to operate heavy equipment and talk to architectural, engineering, construction, educational institutions, government agencies, and trade associations through educational exhibits. During this event, students are able to learn about career opportunities and participate in fun and interactive exhibits.

We are asking our local construction leaders to help sponsor the Hawai'i Construction Career Days 2015. Your monetary contribution will support the Hawaii Construction Career Days on both Maui & the Big Island. This year's events will be held at the University of Hawai'i Maui Campus on May 1st, 2015 from 9am to 2pm AND at Hilo's Ho'olulu Complex on October 29th, 2015.

Your organization is also welcome to participate and assist in this effort in a variety of other ways. Participation may include providing heavy equipment or supplies, or volunteering to serve on the planning committee or on event day.

For more information on how you can help make the 2015 Hawaii Construction Career Days events a success, please call Mel Hipolito Jr. at (808) 446-7022. We welcome your support!
